

## Completing the Juventis Intake Forms

1. Logon to portal using your email and the password sent to you (Inicie sesión en el portal utilizando su correo electrónico y la contraseña que se le envié)

The image shows a login form with a dark blue background. It features two input fields: one for "Email" and one for a password (represented by dots). Below the password field is a link that says "Forgot Password?". A prominent red button labeled "LOGIN" is centered below the fields. At the bottom, there is a link that says "Create a new account".

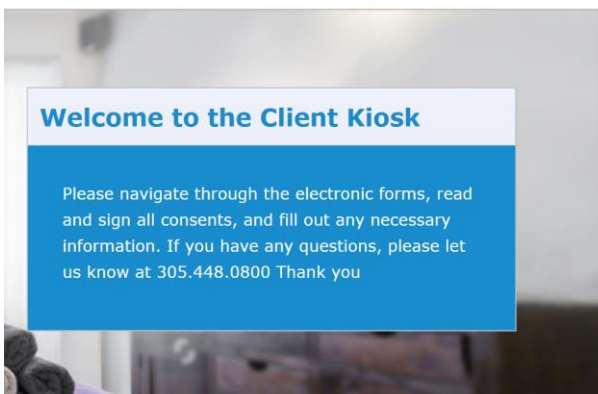

2. Go to "Online Forms" and click on the date [mm/dd/year] (Vaya a "Online Forms" y haga clic en la fecha [mm/dd/year])

The screenshot displays the Juventis MedSpa Client Portal. The top navigation bar includes the Juventis logo and the text "Welcome to Juventis MedSpa's Client Portal". A left-hand sidebar contains menu items: "My information", "Appointments", "Invoices", "Online Forms" (highlighted in orange), and "Messages". The main content area is titled "My Requested Forms" and shows a section for "Electronic Forms Kiosk" with a date filter set to "02/23/2021" and a notification that "4 form(s) remaining to be filled out". Below this, there is a section for "Electronic Forms" featuring an image of medical records and a tablet.

3. Click the arrow to start (Haga clic en la flecha para comenzar)

[Click Here To Start](#)

The image shows a "Welcome to the Client Kiosk" screen. It has a blue header with the title "Welcome to the Client Kiosk". Below the header, there is a blue box containing the following text: "Please navigate through the electronic forms, read and sign all consents, and fill out any necessary information. If you have any questions, please let us know at 305.448.0800 Thank you". The background of the screen is a blurred image of a medical office.

4. Read the forms and sign at the bottom, once completed click the arrow to the right to move to the next form (Signatures are required) – Lea los formularios y firme en la parte inferior, una vez completado haga clic en la flecha a la derecha para pasar al siguiente formulario (se requieren firmas)

## EDICATION INFORMATION AND CONSENT

### ERMINE, PHENDIMETRAZINE)

ications which help to suppress the appetite and are generally associated with weight loss.

icated in the management of exogenous obesity as an adjunct in a regimen of weight reduction based on caloric dications that enhance weight loss by suppressing appetite and increasing metabolism. These medications are used loss.

**DO NOT RELY ON THEM TOO HEAVILY!!!**
